

Convoy Continental Cocksfoot

Dactylis glomerata

- Convoy is an early/mid maturing soft leaf cocksfoot variety
- Excellent tolerance to acid soils
- Rapid seedling vigour
- Highly palatable with good dry matter production
- Good autumn and winter growth, summer growth in northern areas
- It has demonstrated very good heat tolerance that gives it excellent strength in drought conditions
- Early/mid season maturity gives it the robust nature to handle tough Australian conditions
- Replacement for Ambassador
- Better option than Porto
